

Cap the Property Tax on Timeshares!

On November 6, Florida residents will have the opportunity to vote in favor of [Amendment 2](#), which would permanently extend a provision in the Florida Constitution capping annual property tax increases on non-homestead properties, including timeshares, at 10%.

If Amendment 2 is not approved, there will be no limit to potential property tax increases on timeshares in the state. We urge timeshare owners who vote in Florida to go to the polls on November 6 and support Amendment 2!

In 2008, Florida voters approved a 10% limit on annual increases, but the measure will expire at the end of 2018 if not reenacted. Your vote is important to protect the cap!
